What you can change

- Width and cut: Choose from narrow, wide, flat or round formats, including vermicelli at 1 mm, pad thai at 1 by 5 mm, Singapore style at 1.5 to 2 mm, Hong Kong style at 2.7 to 3.2 mm, pad see ew and fresh pho at 8 to 8.5 mm.
- Starch system: Options include rice-only formulations or rice combined with additional starches, depending on the noodle style.
- Format: Choose dry noodles with a 24-month shelf life or fresh pho with a 12-month shelf life.
- Protein: Protein can be increased with pea protein on applicable rice noodle lines.
